Send

Our 100 hour primary course is more than is required by the State of NJ, to give the graduate a chance to work in any other state that requires the minimum of 100 hour. The course will provide required theoretical and practical knowledge to master the skills needed to practice permanent cosmetics. The NJ law require to take the Apprentice Program, after finishing the primary course, where a student have to finish procedures on life models under DC supervision, for eyebrows, eyeliners and lips. Microblading course is available to take after finishing the primary course. Call us for more information about schedule and cost.

Tuition

We will be so happy to meet personally with the prospect trainee, and explain our whole primary course, the Apprentice Program, Microblading course, Certifications, tuition and method of payment. Please call us at :
